

NATIVE MIXES

TECH SHEET

PRAIRIE FLOWER MEDLEY MIX

Prairie Flower Medley Mix is a mix of wildflowers that will do well in drier areas that receive a lot of sun. This mix can add a splash of color to your property. At maturity, this mix will grow to around 3' tall. Prairie Flower Medley is available either in bulk or in 5 lb bags that are pre-mixed with mulch, making application a breeze.

MIX RATIO

- 15% Baby's Breath
- 12% Siberian Wallflower
- 8% African Daisy
- 8% Polka Dot Cornflower Mix
- 8% California Poppy
- 8% Blanketflower
- 8% Indian Blanket
- 8% Blue Flax
- 25% Others

*These amounts are based on percentage of population
Comparable substitutions may be necessary depending on species availability

None of the following exceed 2% of the Total Mixture Weight: Black Eyed Susan, Catchfly, Clarkia, Corn Poppy, Cosmos, Dwarf Spurred Snapdragon, Evening Primrose, Garland Daisy, Gloriosa Daisy, Plains Coreopsis, Prairie Coneflower, Purple Coneflower, Shasta Daisy, Tall White Sweet Alysum

Specialist Establishment Tip: In all native mixes, you often won't see a mature species during the first season. Weed management and upkeep should be the number one priority during the first year. To give this mix a boost a reduce erosion during establishment, we added QuickGard Sterile Triticale to the mix.

AGRONOMICS
