

SINGLE SPECIES

# TECH SHEET

## FESTULOLIUM

Festulolium is a fast-establishing cross between a fescue and a ryegrass. It is highly productive in haying or grazing systems and produces a highly digestible forage. It can also be used to extend the life of old or damaged alfalfa stands for several years while maintaining productivity.

### AGRONOMICS

PLS Seeding Rate	30
Vegetative Height	1-3 feet
Package	50 lb bag
